

Yes, Future Times/Rejoice

In the fountains of the Universe
"Set time in accord"
Sits the boychild Solomon
"Ever turning round and round"
In the cities of the Southern Sky
"Set points Universe"
Dreams he of glory
"Pulsating round and round"
Future times will stand and clearly see
"Highest dancing"
Of the course of innocence
"Drifting drifting"

See it all
See it all
Till tomorrow
See it all
See it all
Till tomorrow

Future times will stand and clearly smile
Of the course of innocence

Dantalion will ride again
"Raging forth underland"
The course of evils standing straight
"Grind to grind to grind"
Hot metal will abound the land
"Churning out shout"
As the form regards our blazing hand
Future times will stand and clearly see
Of the course of innocence

One the word will enter all our hearts
Two the duel will alter them
Three jewels countenance divine away delight away
Four the fight to free the land
Five the islands of Arabia
Six the tears that separate
Six the tears that separate

Rejoice forward out this feeling
Ten true summers long
We go round and round and round and round
Until we pick it up again
Time flies, on and on it goes
Thru the setting sun
Carry round and round and round and round
Until it comes to carry you home

Rejoice forward out this feeling
The white eagle soars
He goes round and round and round
Until the early winds of change
Dawns new light conquering timeless ease

Spread the harvest breeze
Let our hour of passion
Gently hold our heads on high with you
Gently hold our heads on high
