

# Yes, I Am Waiting

(Rabin, Anderson)

Am I waking to this magic  
Am I seeing, all is human,  
Human after all...

I wanna be inside your heart  
Are you ready  
I wanna love forever  
Are you thinking  
I wanna be inside your heart  
What I'm thinking  
I wanna know you're with me.

Highways, starways, many ways  
To be open tonight.  
High time, look inside your life.  
I am waiting.

I am waiting; are you ready?  
I am waiting; can you hear me?  
Can you hear me?

I happened in the water.  
The heaven will fall.  
The break in the water.  
The secret birth.

Said she loves me; I believe her.  
Waited lifetimes, say this to you.

I wanna be inside your heart  
Are you ready  
I wanna love forever  
Are you thinking  
I wanna be inside your heart  
What I'm thinking  
I wanna know you're with me.

Highways, starways, many ways  
To be open tonight.  
High time, look inside your life.  
I am waiting.  
Say you need me, I'm yours.  
Say you need me, just because.

(It's our freedom...)  
It's our freedom, hear me now.  
We are made to be here now.  
We'll be waiting for the word  
As the healing of the world.  
Make me promises, to be true,  
All my life my world is you.

I am waiting; are you ready?  
Are you ready?  
I am waiting; can you hear me?  
Can you hear me?
