

# Yes, Lift Me Up

(Trevor Rabin, Chris Squire)

Look around - Got no place to stay.  
God I hate this town, depending on the day.  
You lift me up, you lift me down - Alright, OK.

While I got no life, I got no hope;  
I'm falling in love.  
Help me through the fight;  
Help me with tonight - I'm calling.

What to do I find it hard to know;  
Lord, the walk is not the one I chose...

Lift me up and turn me over;  
Lead me on into the dawn.  
Take me to the highest mountain;  
Tie me up, love in a storm.  
Have you decided on my fortune?  
Facing the future in your eyes,  
With your imperial behaviour  
We fight amidst the battle cries.

Open doors - They may be closed to me;  
The fire's still burning in my heart...

What to do I find it hard to know;  
I want to turn my life around...
