

Yes, Make It Easy

Why the eagle flies
When the wind blows in his eyes
And he goes no where just to feel good

You don't know the reason
Our love is like a season
Breaking down and building up again

Why you hold me up
When I feel like falling down
Is the love you have that makes me feel good

Ahhh
You make it easy
Take it slow
Well, I was hurtin inside and you gave me a second chance

Ahhh
You take it easy
When you let it go
I was hurtin inside

Time rides all alone
When you're left back on your own
But I know you're always there to lean on

Look beyond the
And you'll find my love in check
It's all the love I have
Love I give to you

Ahhh
You make it easy
Take it slow
Well, I was hurtin inside and you gave me a second chance

Ahhh
You take it easy
When you let it go
I was hurtin inside

Why the eagle flies
When the wind blows in his eyes
And he goes no where just to feel good

Time rides all alone
When you're left back on your own
But I know you're always there to lean on

You don't know the reasons
Our love is like the seasons
Breaking down and building up again

Ahhh
You make it easy
Take it slow
Well, I was hurtin inside and you gave me a second chance

Ahhh
You take it easy
When you let it go
I was hurtin inside

Ahhh

You make it easy
Take it slow
Well, I was hurtin inside and you gave me a second chance

Ahhh
You take it easy
When you let it go
I was hurtin inside
