

# Yes, Saving My Heart

(Trevor Rabin)

In the street where we live there's a place called desire.  
There's a stone-cold intrusion of mad man's fire,  
But he leaves when the lust and desire released,  
And you're left with an empty room in peace.

Saving my heart for you - You do what you want to do  
There's a place in my heart for you - This time I'm watching you  
Till the blood in my veins run dry - I'll be there to testify  
There's a place in my heart for you...

I've been lost in the maze of emotional confound.  
I believe that you knew our faith was secure;  
How you kept-up your smile with a cool disposition,  
How you stuck in the fire with a new sense of reason.

You tell me to take it easy, but it's not my style.  
You saw me around the corner; it'll pass you by.  
I wanna hold you closer to connect my fortunes.  
I want take you higher, take it out like we did before.
