

Yes, The Solution

No need to wonder - Do you belong?
No need to worry
You can be strong
Don't disbelieve it
let your fears go
There must be more to this life
and we all know
Deep inside
The solution
Staring you down
Looking for
The solution
Bringing you 'round
Round and round we go
Round and round we go
The past can haunt your future so
Shadows are falling look out below
Voices are calling echoes unknown
There must be more to this life than we all know
Looking for
The solution
Staring you down
Deep inside
The solution
Bringing you 'round
Giving it out
Giving it out
Do the best that you can do
Giving it out
Giving it out
It's all up to you
Giving it out
Giving it out
Do the best that you can do
Giving it out
Giving it out
It's all up to you
It's all up to you
Over and under and down we go
(Down we go)
Caught at the crossroads - Which way to go?
(Path unknown)
Choosing the right path?
Only you know
Looking for
The solution
You hold the key
Deep inside
The solution
Set yourself free
Round and round we go
Round and round we go
Giving in, giving out
Do the best you can do
Giving in, giving out
It's all up to you
Giving in, giving out
Do the best you can do
Giving in, giving out
It's all up to you
It's all up to you
It's all up to you
