

Yesterdays Rising, The Hardest Part

The feet beneath me. Carry creation.

The hardest Part. The hardest part.

The dreams in which I dream. Are the keys to my life.
The feed into my mind. Breaks apart what's hard to try.

The hardest Part. The hardest Part.

I am the beginning and, I will be the ending.
the feed into my mind, breaks apart what's hard to try.

The hardest part. the hardest part.(breathing).

The hardest part. the hardest part. the hardest part.
the hardest part.

The heart is off. And right as you fall,
Rip out your chakara, yeah I don't care.
Yeah, I will be the ending, the feed into my mind,
breaks apart what's hard.

hardest PART, hardest PART, hardest part.

I am the beginning and, I will be the ending.
the feed into my mind, breaks apart what's hard to try.
