

# Yesterdays Rising, When We Speak, We Breathe

Set Free  
everything you need to let go  
when we speak, we breathe  
when we breathe we feel  
allow me  
and watch me lay my thoughts down  
right here, right now  
I can't breathe  
my speech is slow  
I don't know  
I just don't know whether or not I will speak  
I want to breathe  
I want to breathe  
We are off  
and we can't pretend for a second that we're clean  
we are off  
and the path will not open until I say go  
Set free  
It's killing me  
I'm blacking out  
and it's so hard feeling the pain of not breathing  
we are off  
and we can't pretend for a second that we're clean  
we are off  
and the path will not open until I say go  
It's hard feeling the pain of not breathing  
When we speak we breathe  
when we breathe we feel  
Letting the light spread  
when the energy is amongst our fingertips  
letting the waves crash when they're able to cause danger  
is where we descend  
I can break me down  
It can break you down  
You can't break me down  
when we speak, we breathe
