

Yeti Girls, 911

Woke up early in the morning
got my coffe half past ten
crossed the road near by the station
while I got snapped by a van
Woke up later in a hospital
where I didn't like to stay
they discharged me no problem
but I'm sure I'm not o.k.

911 emergency

doctor won't you please help me?
I'm in love with a bus in a magazine

911 emerency

they twist my sexuality

I'm in love with a bus in a magazine

I see busses when I'm dreaming

they are all I'm living for

but the one I'd like to own

is the one that I adore

Looked for her in every city

and I drove from coast to coast

just to watch out for my princess

for the bus I love most

911 emergency

doctor won't you please help me?

I'm in love with a bus in a magazine

911 emerency

they twist my sexuality

I'm in love with a bus in a magazine

and I found my chrome princess

kissed her sweet

my sugarlamb

and a deep deep voice answers "Hey I'm a bus I'm a man!!!"
