(“Ying yang in this thang” in the background at
the beginning of each line)

Ying Yang in this thang, from the A-T-eeL
Whistle while you twurk if you really real
In tha club smelling like some wood
In my neighbourhood
Girls get crunk in the piz ball
If you sit down, get up off tha wall
Males only speak, if the females flirt
If you get crunk, whistle while you twurk

Repeat chorus four times
