

# YN Jay, Big Hoes (feat. Lil Pump)

Enrgy made this one  
Slidin' in that GLS 600 with the trunk open  
Yeah, ooh

Slidin' in that GLS 600 with the trunk open  
Glock .45's, F&N's, that's what I'm totin'  
Bitch better come over with her mouth open  
Ripped that wig off her head like I'm Hulk Hogan

I ain't got no screen on the door, left the house open  
Beat a bitch in the livin' room, left the couch broken  
Put a bitch in the full nails and got the couch chokin'  
Hit you close range in your face, left your mouth broken

Told the Coochie Man "Go ahead, fuck my big cousin"  
In the back of the Rolls truck, had that bitch jumpin'  
Had to bust a nut in thirty seconds, I was in a rush, and  
How you takin' pictures with your glizzy, but you not gon' bust it?

I just pulled up with my blood, that's my big bousin  
You can hear me shoot from down the street, that's my stick dumpin'  
Why you pull up with that fat girl? That's a big woman  
Damn (Ha-ha-ha-ha), how the fuck she get big like that?

Fuck  
5 pints of Wock in the bank, need to take it out  
Too many bitches on my couch, I need another couch  
If I find out she got a weave, I'ma snatch it out

I just bought a crib for my Glock, that's my gun house  
I just bought a crib for my kid, that's my son house  
I just bought a crib for the bitches, that's the fun house  
I just bought a crib for the strippers, that's the one's house

My auntie sellin' pussy out in 79th street  
This ratchet bitch from G5 said "Nut inside me"  
I got three snow bunnies with me, but they won't leave  
I just slashed her tires and I took both of they car keys

Got a big gun on my hip, better not try me  
How the fuck I'm still independent? They can't sign me  
Ahh-haa, fuck (Ahh-haa)  
I got a bitch from overseas, haaa

I got this bitch from overseas, but she Chinese  
Damn, she might be Japanese  
Bend her over, put her face down on the concrete  
Before you go to sleep, bitch, you gotta take this long meat

Ha-ha-ha, ha-ha-ha-ha-ha  
I can tell this bitch suck dick, she got ashy knees  
Bitch asked me how I come up, I had to stack the cheese  
If you don't know how to shoot the ball, you better pass the heat

Hmm  
If you overdose on Tris then you a straight hoe  
My auntie in Chicago whippin' up straight bowls  
Huh? Grandma pass me the draco

Damn  
How the fuck this bitch got lil' feet, but got fat toes?  
How the fuck you got a small face, but got a fat nose?  
Why the fuck you still dressin' old? You got fat clothes

Huh?

How the fuck you walk in the club with some fat hoes?

Man, this bitch nose fat as fuck like a saxophone

How the fuck you got a big face, but a lil' throat?

Ha-ha-ha-ha-ha-ha-ha-ha-ha (Damn)

How the fuck you thick with no ass? Girl, your back long

How the fuck your shoulder so damn big, where your backbone?

Huh? Ha, huh? Damn
