

# Yngwie Malmsteen, Dreaming (Tell Me)

&quot;Shades of night, fall upon my eyes  
lonely world fades away  
Misty light, shadows start to rise  
lonely world fades away  
In my dreams your face is all I see  
Through the night you share your love with me

\*Chorus\*

Dreaming visions of you  
Feeling all the love I never knew  
Here we are on the crossroads of forever  
Shining star lites the way  
Walk with me on the winds of time  
Love's mystery is for us to find  
Dreaming visions of you  
Feeling all the love I never knew  
Until that day  
Until the day I find you  
I won't rest, I won't let go  
Somehow Someway  
I know I'll be beside you  
To warm my heart  
and fill my soul
