

Yngwie Malmsteen, I Can't Wait

On and on
My world keeps spinnin' round and round
I am so lost since you've gone away

Day after day I've been tryin'
To find a way to make you see

I - hate to wonder
Why - you don't realize
I - feel like I could die
Just hold me one more time

I can't wait - not for a lifetime
I can't wait - I've been holding on
I can't wait - Tell me what to do
I'll wait for you

Ooh, it's been so long

I won't last another day
