

# Yngwie Malmsteen, Miracle Of Life

I was old  
When i was born  
I was feeling cold  
And my soul was torn  
I walked alone  
In solitude and sorrow  
I've been shown  
I can see tomorrow  
Then i found you  
And we were one  
A new like found  
A new like found  
It's a miracle of life  
My life has been  
A journey full of hope  
And all have seen  
Is the end of my rope  
We'll have lost  
And I have won  
Counting the cost  
My faith was never gore  
Then i found you  
And we were one  
A new like found  
A new like found  
It's a miracle of life  
I've made the sacrifice  
Lord knows i paid the price  
A miracle of life  
I always had a dream  
But it's never what it seems  
A miracle of life  
So it is true  
We were meant to be  
Always with you  
Always with me  
Then i found you  
And we were one  
A new like found  
A new like found  
It's a miracle of life
