

Yngwie Malmsteen, No Love Lost

Oh, it feels like, it was yesterday
When you came into my life
And took my heart away
Now I find, myself looking back
And I'm realizing how
You turned me inside out
And left with no doubt
Oh you're the only one
The love I feel
And you're the only one
It seems unreal
Now I see what it's all about
No more chasin' my own tail
There's nothing left to fear
As long as you are here
Oh you're the only one
The love I feel
And you're the only one
It seems unreal
Oh you're the only one I know
The love I feel
And you're the only one
It seems unreal
I can't explain the way I feel
I've waited so long
For someone like you
