

Yo La Tengo, Big Day Coming (Demo)

Let's be undecided, let's take our time
And sooner or later, we will know our mind
We'll be on the outside, we won't care
Cause we're together, that's somewhere

And there's a big day coming, about a mile away
There's a big day coming, I can hardly wait

Let's wake up the neighbors, let's turn up our amps
And we know we're used to without a plan
We can play a Stones song, sitting on a fence
And it'll sound pretty good, til I forget how it ends

I woke up early, couldn't go back to sleep
Cause I had been thinking of where it all would lead
So I made you wake up, I said, "Let's take a walk,
I wanna hold your hand, we don't have to talk"
