Yo La Tengo, Moby Octopad

Locked in a kiss, outside eyes cease to exist We'll shut it out (of the fist) Spying eyes cease to exist We'll shut it out

Eight o'clock, the lights are on at Shea Phone turned down, we've nothing much to say Dozing off the TV drones House key makes them turn and glance for home

Locked in a kiss, outside eyes cease to exist Flayed of the fist Spying eyes cease to exist We'll shut it out
