

# Yoda Pop, Intergalactic Superfantastic Fussball

(Everyone) in the galaxy gather to play, and to watch everyday.  
We all have fussball fever.  
(For a month) united by soccer we'll be, Han and you and me.  
We all have fussball fever.

Fussball, oohh, Fussball, oohh  
Intergalactic Superfantastic Fussball

(Anyone) can learn to play just like that, except for Jabba the Fat.  
He doesn't have any legs, it's a shame,  
'cause i think he might have been good at soccer.  
(Grab a ball) and let's go out and play,  
and then we'll watch the game of today.  
The galaxy has fussball fever.

Fussball, oohh, Fussball, oohh  
Intergalactic Superfantastic Fussball

United the whole universe is, (that's right Yoda)  
Boy or girl, young or old, everybody love
