

Yohanna, I miss you

Where do I begin
To sing a love song
It started with a kiss
But set my soul on fire
Leading up to the day you left and made me cry
How can I forget
The way you touched me
When you held my hand
It became my hearts desire
Now I live for the day that I can turn back time
And I miss you
When I close my eyes
Oh.. What a wonderful thing it would be
if baby you and me
could make things right
How am I gonna live
If you're not with me
Where will I belong
If you're not by my side
Now I live for the day that I can turn back time
Cos' I miss you
When I close my eyes
Oh.. What a wonderful thing it would be
if baby you and me
could make things right
And I miss you (oh)
When I hear your name
Oh.. What a wonderful place this could be
If baby you and me
Could feel the same
hoo-hoo hoo-hoo-hoo haa-haa
hoo-hoo hoo-hoo-hoo haa-haa
And I miss you (oh)
When I close my eyes
Oh.. What a wonderful thing it would be
if baby you and me
could make things right
Where do I begin to sing our love song....
