

Yoko Ono, Sean's "Little Help";

Do you need anybody?
I need somebody to love.
Do you need anybody?
I need somebody to love.

- "good";
- "that's my favourite song";
- "very good";

- "who was singing "i need somebody to love", you?
- "it was ringo but paul and I was singing with him.";
- "what's this song called? "
- "what's it called? I've forgotten what it's called..."

What would you think if I sang out a song...

- "it's "sang out of tune";
- "oh, "a little help from my friends", that's what it's called!";
