

# Yolanda Adams, Alwaysness

## VERSE 1:

Although the sun has been around for a long time  
Still have the ability to shine  
And although the moon lights up the night  
Sometimes it likes to hang out in the sunshine  
Although green grass sometimes turn brown  
Its refreshed when rain drops come falling down  
Creations starts and its renewed  
By a single touch from you  
So, I depend on you know matter what I do  
I know that you'll always come though  
You'll never changed the rules  
I can depend on the always-ness of you

## CHORUS:

Never change you'll remain  
Faithful through life's ups and downs still the same  
Everlasting love for me so heavenly  
That's the always-ness

## VERSE 2:

The seasons change without a calendar  
And the breezeless knows how and when to blow  
Never have to wonder where the water goes  
Cause it flows home to the ocean flow  
Everything reacting in common sense  
When placed beneath the of your omnipotent  
Please want you show how I should live  
So, glory I can give  
Cause I depend on you know matter what I do  
I know that you'll always come though  
You'll never changed the rules  
I can depend on the always-ness of you

## REPEAT CHORUS 2x:

## BRIDGE:

It's so simple when I do things your way  
So, I try everyday, but sometimes my path can get hard  
Even when I start off with the best of intentions  
I get weak and fall short  
And I know when I'm down you'll be there to lift me up  
You love never waited no - no - no - no - no

## REPEAT CHORUS 2x:

Faithful through life's ups and downs -- So, heavenly your love for me  
Never; never, never change -- You'll remain; you'll remain  
Faithful so faithful -- Everlasting love for me  
The always-ness of God of God
