

# Yolanda Adams, Forever With Me

Album: Through The Storm

Looking over on the horizon  
Night breaks into dawn  
I get a little misty eyed  
Knowing you've gone on

I suddenly came to realize  
Just how much your presence meant to me  
I also realize that know you're finally free

Chorus:

I'll always love you  
For the special we've shared  
All the times you let me know  
Just how much you care for me  
I'll always love you, you were a  
Friend that I could totally depend on  
I love you and you're forever with me

Verse 2:

The will of the father had to be fulfilled  
I still feel your sprit, your voice still  
Gives me chills  
The anointing is still touching today  
I wrote this song with a smile with tears of joy  
Just to say

I'll always love you

For the special we've shared  
All the times you let me know  
Just how much you care for me  
I'll always love you, you were a  
Friend that I could totally depend on  
I love you and you're forever with me

We used to cry together, sing together and  
Laugh together  
You said it didn't matter because God  
Would always take care  
You taught me how to give again  
When giving seemed to be too hard  
The benefits of your love  
Was my reward

I, I love you for the special times we shared  
All the times, you shown me  
How much you care for me  
I'll always love you, you were a friend  
That I could totally depend on  
I love you, you're forever with me  
I love you, yeah

You're forever with me I love you, oh  
You're forever with me, I love you you're  
Forever with me (I could totally depend on you)  
I love you  
You're forever with me  
I love you, I'm gonna miss you,  
You're forever here with me
