

# Yolanda Adams, Thank You (Live)

When I think about how you saved my soul  
I'm compelled to praise you  
Like a woman out of control  
So I lift up holy hands  
I take advantage of this chance to say thank you  
When I think about what you brought me through  
I'm reminded to praise you for all that you had to do  
So I lift up holy hands  
I take advantage of this chance to say thank you  
So from the bottom of my heart I say

Thank you, Thank you, Thank you

When I think about were you brought me from  
I gotta praise you like the victories already won  
And I lift my hands  
I take advantage of this chance to say thank you  
When I think about oh Lord yes  
Why you love me so  
I'm compelled to praise you because  
I really don't care whose looking and who knows that I love you  
And I lift up my holy hands  
I take advantage of this chance to say thank you  
Oh, everyday of my life I just wanna say

Thank you, (Thank you Lord)  
Thank you, (I gotta thank you)  
Thank you, (Because of who you been to me)  
Thank you, (You been a shealter in the storm)  
Oh and I Thank you  
You been a rock that I can stand on Thank you Lord  
And I say Thank you  
You been a bridge over any kind of water  
I gotta say Lord I thank you  
With all my heart with all my soul  
Everything within me says thank you Lord  
Thank you Lord  
Lord I thank you, Lord I thank you, Lord I thank you  
For all you done to me  
Thank you Lord  
Theres no words that I can say but you been good  
I can't thank you enough no no no no no  
Thank you Lord (I just wanna thank you)

I wanna thank, I wanna thank you  
I gotta thank you, just wanna thank you  
I thank you yes, I thank you yes, I thank you yes, I thank you yes  
And I say.....I wanna thank you  
Said Lord I thank you yes  
Thank you
