Yoomii, Schools out for summer

Ready for a good time on a summerday

school is out for everyone to party all the way

longing(sehnsucht) for adventure longing for the see

I just need a holiday wherever I be oh

This is my time (this is my time)

And im gonna fly

Schools out for summer

We gonna let it go

Ready for a good time

Ready for the show

Schools out for summer

Now get into the flow

Music is the heart beat

Come along let us go

Get the party stardet

Is always on my mind

Pushing all the troubles now

Leaving all behind

So come enjoy the party

We dancing in the streets

celebrate everywhere

dance to the feed

this is my time (this is my time)

And im gonna fly

Schools out for summer

We gonna let it go

Ready for a good time

Ready for the show

Schools out for summer

Now get into the flow

Music is the heart beat

Come along let us go

Everytime I close my eyes

I am on the deep blue sky

And im saling far away

Another endless summe endless summer day

Now School is out for summer

We gonna let it go

Ready for a good time

Come along let us go

Schools out for summer

We gonna let it go

Ready for a good time

Ready for the show

Schools out for summer

Now get into the flow

Music is the heart beat

Come along let us go

Schools out for summer

We gonna let it go

Ready for a good time

Ready for the show

Schools out for summer

Now get into the flow

Music is the heart beat

Come along let us go

Sing

Ready for a goot time

Come along let us go
