

Yothu Yindi, Yolngu Boy

Hey Yolngu Boy
Under the neon light
Hey Yolngu Boy
Under the neon light

Come with me see a brand new day

You see that cycad palm
That's the pure eye
You see that cycad palm
That's the living bread

Come with me see a brand new day

You see that long black cloud
Up towards Batjutjpi
You see that long black cloud
Back towards Narulwuy

Maybe it's raining at Lamiwuy

Hey Yolngu Boy
Under the cycad palm
Now you know for sure
That I really care for you

Only the eye can tell you why

Hey Yolngu Boy
Under the neon light
Hey Yolngu Boy
Under the neon light

Come with me see a brand new day
