Holla &quot;WOOPT, WOOPT&quot; homie if you see them laws

[Chorus: Young Buck]

I was standin' on the corner slingin' 'caine (tryna make it do what it do)  
Just another young nigga havin' thangs man (I gotta get, I, I gotta get it get it)

[Verse 1 - Young Buck]

I'm in the Porche, no passenger  
Feelin' like a filthy rich drug trafficer  
See didn't nobody give me shit, I got my ass on that inter-state  
Made sure momma had food on that dinner plate  
You not a boss if you ain't never took a loss  
Some birds never landed, but 'least I didn't got caught  
We don't even use scails, niggaz break off a brick  
Whatever over is yours, homie just take it and get  
They gave big Paul life, but I ain't thinkin' 'bout stoppin'  
'Cause soon he try to quit, that's when the feds came got him  
Ain't nothin' in my name, and 50 cleaned up mine  
I'm still paranoid though from what I left behind  
Gotta put me some gloves on, they fuckin' wit Buck now  
Tryna slow me down, got me pissin' in cups now  
Three Kings on a mission, see we got it for cheap  
You put us together, nigga the streets finna eat  
YEAHH

[Chorus]

[Verse 2 - T.I.]

Hey  
Remember standin' in the trap wit 5 or 6 over-vision and a pirat  
That nigga who oderderd that quarter ki ain't even came by yet

'Cause we still will kill, you just better chill pimpin'  
Get it how he used to live, and keep on fakin' for the women  
In life we all make decisions even when faced with collisions  
Like me at 13, out in no supervision  
Straight thug livin', bumpin' pot drug-dealin'  
Seen daily on the block, need Yay we on the block  
Keep the hatin' to yourself, 'cause that AK be on the block  
Dougy C be in the V, me and KT, we in the drop  
Went from standin' on the block wit rock, to standin' on the top

[Chorus]
