[Interlude]

[Young Buck]

Let me go and show you niggaz what my whip game like

I whip it to the left, and whip it to the right

I mix it with the Sprite, and flip it with the whites

See I make my own price cause I take my own flights

I still got my ski mask, STILL need cash

STILL got them eighteens as if you want a half

That's 11-5 apiece dawg if ya do the math

But I do it for the ten for my niggaz in the cab

Got a bitch in Decatur, she shake it for the paper

So when I make it rain, I just get it back later

See cuz over there, he'll kill ya ass for nuttin (I got ya homie!)

6-1-5, Ca\$hville, we buckin

[Chorus]

[Interlude - 2X]
