

# Young Buck, U Ain't Goin' Nowhere

(feat. LaToiya Williams)

[LaToiya Williams]

What did ya do to me? (What did you do to me?)  
What did ya do to me? (To me, ha hah)

[Young Buck]

Now even though I might trick a little  
I know you love the way I work the middle  
You look good in them high heels girl  
You're so hood, we in our lil' world  
Shoppin' sprees overseas, you and me on a private flight  
Got a chance to be my wife if ya ass act right  
Gotta dance all night girl, you want that ice  
Everythang's on me, yeah, I'm that type  
Marble floors in these elevator doors  
Sixteen bedrooms and all of 'em yours  
Let's fuck all night, any position you like  
Thick coats by the Coach, black Bentley Azure  
I know sometimes a nigga might not make it home and it's  
no reception, low bars, it ain't on and I  
keep doin' this cause you don't care  
Material girl that'll always be there, ya ain't goin' nowhere

[Chorus: LaToiya Williams]

Time and time I try to leave  
But I just can't seem to leave yo' ass alone  
Don't know why I can't let you go  
And why I keep comin' back for mo'  
I'm sayin' this life is good  
Got me up out the hood, but I'm so confused  
And I don't know how much more of this  
disrespect I can take from youuuuu

[Young Buck]

And ya ain't goin' nowhere, how I know because I told you so  
And all that cryin' shit stop when I'm down below  
Shit, I'm on top when you hit that O  
Now get that O, that's what the fuck you came here fo'  
Now move that body all around like a professional  
Damn, shorty's so flexible  
We can do it on the highway, I'm talkin' 'bout sex to go  
Now how the fuck we get to Mexico?  
Yeah I bought that house, but now you talkin' 'bout leavin'  
You don't wanna do that girl it's pleasin' season  
Heard your girls told you I'm fuckin' up and that you need to get even  
But all you need is me, you don't need them  
You know the game, maintain and do ya thang  
And tell them bitches worry 'bout they own man  
So when they start talkin' like dat dere  
Tell them bitches get the fuck out your ear, cause you ain't goin' nowhere

[Chorus]

[LaToiya Williams]

What did you doooooo?  
What did ya do to me? (What did you do to me?)  
What did ya do to me? (To me, ha hah)  
What did ya do to me? (What did you do to me?)  
What did ya do to me? (To me, ha hah)

[Young Buck]

You keep tellin' me I make you sick  
But on some real shit, quit bitch, you love this dick

And even if she did leave because of the way I act  
It be's like that, fuck it she'll be right back  
You and I both know, if you and I both go  
our separate ways one thing's for sho'  
If you ever get the nerve to pack your shit and walk up out that do'  
You ain't never comin back no mo'  
She ain't goin nowhere

[Chorus w/ ad libs]
