For the ladies (for the ladies)

Girl you put in that time like been liferz
Got tight, use to hookey and chill
She tight, plus she cook up a meal
Had the hook up for real
More headaches and stress cuz a child involved
It's all good cuz our sex be my tylenol
Best baby doll of all
Shit the rest of you childish broads
Give me the sex then I'm tired of y'all
So find the next to provide for y'all

Plus she bout to drop my baby girl (off)
Forget about all the rumours you hear girl
A newer life is soon to be here girl
And cant nothin fuck up that
Gotta fuck with that
Can't find a better love than that my baby girl,

(Chorus - Rell)
Don't stop givin me your lovin
Cuz my hearts been racin for your lovin
I won't give it up for nothin
(Cuz there's no better love)
Girl you gots me goin crazy
You got me thinkin 'bout you baby
Could you be my one and only lady
(Cuz there's no better love)

(Verse 2 - Neef)
Comin up I thought cupid was stupid
Only two loves, my family and music
Fallen through somethin, just couldn't do it
It was the beginnin of time
And you was like nine but god damn you was fine
Use to stay on my mind
When I was out on my grind
Open up the bags when I'm choppin my dimes
There in the spindell
Stood by me from the windows
Popped up mad shit with me and got me rentals
Sick with the plastic, what can I say
Bitches hate around the way, I had a lady a day
Gossipin, watchin him, runnin back
Moved up north, kinda fell of track
Still my peoples though
Love when I see you though
Once a while, might call
Just to chill, might ball
Forever my dawg
Even when I downfall

First in line whenever chicks is envolved

(Chorus - Rell)

Don't stop givin me your lovin
Cuz my hearts been racin for your lovin
I won't give it up for nothin
(Cuz there's no better love)
Girl you got me goin crazy
You got me thinkin 'bout you baby
Could you be my one and only lady
(Cuz there's no better love)

(Verse 3 - Neef and Young Chris)

We the youngest in charge
So leave them other scrubs
We give you better love
The same time its tough
Baby I feel the same as Neef do
Spit the game as he do
You can take to
Ain't no need to bring your people
lingere see through
She got it goin on
Oh thats can't Stop, won't Stop
We got them goin home
We got them all alone
Just us, nobody's wrong
I'm ahead if you give head
We do our jobs at the mall

(Rell)

Every since the day I saw your face
My mind told me
You were the one that was down (for me)
And baby when I get laced
I'm gonna do what you want, I'll be there (truely)
So don't you let a thing
Turn you away from the love that you need (my dear)
I don't wanna play
Around with you, cuz I know I found lovin right here

(Chorus - Rell)

Don't stop givin me your lovin
Cuz my hearts been racin for your lovin
And I won't give it up for nothin
(Cuz there's no better love)
Girl you gots me goin crazy
You got me thinkin 'bout you baby
Could you be my one and only lady
(Cuz there's no better love)

Don't stop givin me your lovin
Cuz my hearts been racin for your lovin
I won't give it up for nothin
Better love
