

Young Jeezy, Word Play

What it do

I aint kill hip-hop nigga

Well, all the critics against you

But the streets love you

[Chorus]

You niggas want word play

But im bout bird play

1st of the month

Yeah we call that bird day

(just look at em fly [x2])

You niggas want word play

But i'm bout bird play

3rd the month

Yeah we call that bird day

(just look at em fly [x2])

[Verse 1]

Im way too intelligent

To play with my intelligence

What you tryna tell me

What im saying is not irrelevant

Still represent

Cause ima represent

3 bands for a 9 piece chicken dinner

Young bounce right back like a rubberband

Bought a whip look yall

No hands

Topless stop this

Wheres your roof?

All this non sense

Theres no you

Married to the game

Yeah we just got a load

Depending on the shipment

We might need a boat

Im talking big money

Anybody own a bank

Had to switch up the style

They was on to the tank

[Chorus]

You niggas want word play

But im bout bird play

1st of the month

Yeah we call that bird day

(just look at em fly [x2])

You niggas want word play

But im bout bird play

3rd the month

Yeah we call that bird day

(just look at em fly [x2])

[Verse 2]

Used to bet on all hip-hop

Young killed hip-hop

Dont you know this dumb nigga still talking crack rocks

Got everybody following him

Does that make him a leader?

Does that mean he needs to get indicted

Just to make you a believer

If thats the case

Then i really do apologize

That i memorize

That i fantasized

That i visualized

That i strategize

1 false move will get your ass penalized

You cant be serious
What if pac was hearing this
You bullshiting me
Im sure biggie would agree
If he had to pass the torch
Then that bitch would go to me
Now wouldnt you agree
It doesnt matter how he said it
[Chorus]

You niggas want word play
But im bout bird play
1st of the month
Yeah we call that bird day
(just look at em fly [x2])
You niggas want word play
But im bout bird play
3rd the month
Yeah we call that bird day
(just look at em fly [x2])

[Verse 3]
You ever seen a blue rolls
Caught in the black grass
Nigga go broke
And invest in a black mask
Entrepreneur
He found him a new craft
A round of applause
Congratulate that nigga
Cause when he get rich
You gon hate that nigga
I bet the haters try they best
Try to break that nigga

(fly)
How fly
(fly)
How fly
(fly)
How fly
(flyyyy)

[Chorus]
You niggas want word play
But im bout bird play
1st of the month
Yeah we call that bird day
(just look at em fly [x2])
You niggas want word play
But im bout bird play
3rd the month
Yeah we call that bird day
(just look at em fly [x2])
