Swingin' on dem niggas, swear I gotta feel some fury

Trappin at da hotel, you can catch me at the jewlery

And in my pocket there ain't ever nothin less

And if your bitch f\*\*k me she f\*\*ked the rest

Cuz I'm a A B C D E F G

(Verse 3: Bun-B)

You see me hop out of a '08 somethin' on 24's

Rockin' in newest da newest earrings, next seasons clothes

I guess that's the reason ho's stop drop tuck and roll

Like an inferno they turn over and suck a pole

I'm so f\*\*kin' cold I give a polar bear frost bite

You see my jewelry, you know what it cost right?

You see my jewelry, it's bigger than your arm so

No tryin' foolery and you won't see the palm blow  
Me da bomb ho, yung joc got da work, I need some hydro smoke and dro got da purp  
Let me hear dem on da church and orchestra ronde vu  
We meet some boppas, bottles, and don't forget the bumpin too  
Yeah, you know who's keepin it trilla  
Just name any thug, gangsta, soul-ja, or guerilla  
I'll snatch him up by his shouldas and strip off his strips  
Cuz when you trill you don't trip off da height, that ain't my type  
(Chorus x3)  
I'm the seventh letter of the alphabet (I'm a G)  
And in my pocket there ain't ever nothin less  
And if your bitch f\*\*k me she f\*\*ked the rest  
Cuz I'm a A B C D E F G
