Young Love, Find A New Way

If it takes away the pain its alright
We're livin so hard you might not make it through tonight
Follow the bright lights
They might change you
If you get lost along the way its alright

We'll find another way to dance We'll find another way to dance If you get the chance You must dance dance [x2]

If you get caught out in the storm its alright I'LL ROCK YOU so hard you cant stay dry when youre out tonight Stare at the bright lights
They might blind you
Look at them to long and you might see its alright

We'll find another way to dance We'll find another way to dance If you get the chance You must dance dance [x2]

Be what you believe Stand up break free Be what you believe Bright lights cant see [x2]

We'll find another way to dance We'll find another way to dance If you get the chance You must dance dance [x2]
