

Young Stadium Club, Say What You Want

Shattered heard bleeding
Whenever we start again
Oh no!
Been doing it so long
And I don't know
How it gonna end

Pretty highs and lows
Open up, then you fall
Let me know
Just let me know

I know All of your sins
But you help them within
So say it!
Say What You Want

You got me caught in a spin of your love
It's got me lost in the middle
Your twisted heart is a little too much
little too much
so Say What You Want

Say What You Want

I am tired of not sleeping
I am sick of your dirty games
On no!
When have it gone wrong
Can you tell me
When it's gonna end?

Pretty highs and lows
Open up, then you fall
Let me know
Just let me know

I know All of your sins
But you help them within
So say it!
Say What You Want

You got me caught in a spin of your love
It's got me lost in the middle
Your twisted heart is a little too much
little too much
so Say What You Want

Say What You Want
