Fuck, eat shit, sheck, run it up, fighter fit, we, fuck sheck, I just sheck, s-cut it, we just pour it, bouta  
Ya dig?

I'm a bailer, same way I own a miller  
Own the smell up, cooked the, uh, he tried to sell us  
You can pick up couple grand and a fill up  
Peel the top back, we don' need no fucking peeler  
Uncle Murda, you can still get turned up  
In suburbans, came in six levels up  
I'm a flush, yellow Xanny school bus  
On the island, damn near spent a million plus

This some big dawg shit, get your levels up (Bitch)  
Last time I seen a slut, she had started nuttin'  
I had got her to her worst, we was all in public (Right)  
She don't gotta do nothin' first 'cause she out your budget (Count it)  
White bad shit, looking like a fucking napkin  
We been claspin', shit, that's why we always absent  
Understanding, Phantom Rolls-Royce, it's backwards  
They respect us, honeycomb AP bezel  
I'm just mad 'cause the cameras on the front and back 'cause  
They stay gassed up, they don't know when it's time to mess for us  
She cumming fast up there, I'on know when it's time to care for her  
Smoking a vegetable, I just been choppin' and fuckin' up vegetables

I'm a bailer, same way I own a miller  
Own the smell up, cooked the, uh, he tried to sell us  
You can pick up couple grand and a fill up  
Peel the top back, we don' need no fucking peeler
