

# Youngstown, Dance Floor (Part 2)

Come on  
Youngstown  
Get down, Get down

Chorus:

There's no reason why the two of us should be alone  
Baby come and lemme show you what you came here for  
Babygirl I'm tired of waiting for your favorite song  
You've been staring at me since I walked through the door  
Meet me on the dance floor

Verse 1:

I'm in the club feelin' alright cuz tonight I'm with my crew  
Just chillin hittin' it with Youngstown you know how we get down  
Then I saw you  
Instantly felt your eyes around me, all around me  
I feel your vibe  
And then you're acting as if you're scared standing over there  
Baby don't be shy

Chorus:

There's no reason why the two of us should be alone  
This feeling's so strong so baby bring it on  
Baby come and lemme show you what you came here for  
Cause it's you I adore so meet me on the dance floor  
Babygirl I'm tired of waiting for your favorite song  
Just come follow my lead so we can get it on  
You've been staring at me since I walked through the door  
And baby I can't take it no more  
Meet me on the dance floor

Verse 2:

I feel the heat as you approach me looking lovely, you're so lovely  
Heart's beating fast as you come closer thinkin' that I want ya  
My mind's racing  
Thinking about the things that we could do  
Just me and you it would be so right  
So let your friends chill at the table  
Cuz baby you're mine tonight, yeah

Chorus:

There's no reason why the two of us should be alone  
This feeling's so strong so baby bring it on  
Baby come and lemme show you what you came here for  
Cause it's you I adore so meet me on the dance floor  
Babygirl I'm tired of waiting for your favorite song  
Just come follow my lead so we can get it on  
You've been staring at me since I walked through the door  
And baby I can't take it no more  
Meet me on the dance floor

Bridge:

Meet me on the dance floor  
I'll make your body want more  
I just wanna feel the heat make ya move your feet  
Make ya dance til your back is sore  
Meet me on the dance floor  
I'll make your body want more  
If you ain't come to dance all night then you ain't right  
Take your body out the door

Chorus:

There's no reason why the two of us should be alone  
This feeling's so strong so baby bring it on  
Baby come and lemme show you what you came here for

Cause it's you I adore so meet me on the dance floor  
Babygirl I'm tired of waiting for your favorite song  
Just come follow my lead so we can get it on  
You've been staring at me since I walked through the door  
And baby I can't take it no more
