

Youngstown, Float Away

Breath taking
You're making me so happy
when you kiss my lips tell me that you love only me

Over and over
baby you're all I dream
Let me show you what I mean

Baby, your love lifts me off the ground
so kiss me
One more time and watch me float away
Float away
Cuz your love it makes me high
I float away

My love when I think of you
my head gets light
and girl when you smile at me
my heart takes flight

Across the stars with me
There's no place I'd rather be
Than right here with you next to me

Baby, your love lifts me off the ground
so kiss me
One more time and watch me float away
Float away
Cuz your love it makes me high
I float away

No star is quite as bright
as the twinkle in your eye
Come fly with me tonight
we'll meet up in the sky

Baby love has wings
For you and me

Baby, your love lifts me off the ground
so kiss me
One more time and watch me float away
Float away
Cuz your love it makes me high
I float away
