

Your Best Friend, Hide And Seek

Let's play hide-and-peek,
Hide your feelings and I'll find them for you...
And now you're it,
So I'll go away for awhile...
Count to ten, one hundred and ten, one thousand again...
Count as high as you must, but it's not fair,
Because you'll know just where I'll be hiding,
When you take your hands away from your face...

Hiding from yourself,
Now you're leaving me out of the game...
But that's okay,
Because I'll play anyway...
Hiding deep inside the truth of love...
But eclipsed by anger, you think I'm a stranger,
But actually and factually you know exactly,
Who you are, who I am...
Where you are, where you'll be...

So I'll take my leave while you're off finding yourself,
There's no sense to hiding where you're not looking...

I wanted to hate you, but I can't...

I'm counting on you to find me when you're through counting...

Everyday, I'm still here hiding baby,
Everyday, come out and find me, baby...
