

Your Demise, Forget About Me

I know you're proud, cos I'm living my dream and I've got my fucking team.

Best friends become good acquaintances and acquaintances don't even speak my name,
I don't blame them, I'm a ghost, a ghost that mixes with the most.

It feels good to be home, it's been a long time, I lose track of life by the sea,
Changing faces just forget about me.

You know it feels good to be home, it's been a long time, I lose track of life by the sea,
Changing faces just forget about me.

Hanging out is what we do best...

Losing track of life by the sea, don't forget about me, I know you're proud

?Cos I'm living my dream and I've got my fucking team

You might think I'd forget you ?cos I'm not the kid I used to be...

But I'm still burning and smile whenever you see me,

Now you know nothing has changed when you see me.

I know you're proud

Cos I'm living my dream and I've got my fucking team, but this life by the sea is not mine

And it won't heal with time.
