

Youth Alive, Forever Yours

(Verse)

I'm hopeless without you
So I'm putting my trust in you
In every way your faithful to come through
Jesus you are king
My heart is yours to hold
There's nothing that could keep me
From your love

(Chorus)

Now I'm falling on my knees
It's your presence that I seek
Your love has got a hold on me
I'm forever yours
There are no words to say
To tell you how I feel
Your love has got a hold on me
I'm forever yours

(Bridge)

All I want is to be with you
All I want is to be with you
All I want is to be with you
All I want is to be with you
