

# Youth Alive WA, No God Like Mine

There is one thing  
That I know for sure  
It's that you love me  
More than I could ever know

You changed my life, so I give you my all  
You're worthy, 'cause you laid down your life

There's no substitute for your love  
And I will sing of you always,

There is no god like mine,  
He rules the Earth  
Let all creation sing his praise

He's the king of all kings  
Most holy one  
And I'll forever shout your name

Angels stand in  
Holy wonder  
You alone are the lamb that was slain  
Generations  
Will bow and worship  
The one who is  
And is to come  
The holy one
