

# Youth Alive, Youth Alive - Beautiful

'Beautiful'

All I am I give to you  
With every breath I worship you  
I pray, let your will be done

I stand before you, my heart adores you  
In your hands I place my life  
I pray, let your will be done

Let us see on earth  
The glory of your son  
May I be the one,  
that you use in your plan

Bring the nations to your side  
Let the Kingdoms join in shouts of praise  
Let me be the one who brings,  
the one who brings your love
