

# Youth Brigade, Treachery

You come from England to play for us  
Tell us the truth  
But all you do is disillusion us  
We can't be heard  
Upstarts against the world like us  
Everyday's another clash  
Preach silly rules to us  
When all you want is cash

Treachery from the old world  
Treachery you've been bought and sold  
Treachery is all you hold  
When you've nothing to prove  
Oo-ee-oo  
We don't need you  
Oo-ee-oo  
To tell us the fucking truth

Trying to deny us  
It that really fair  
To say you've done things before us  
Is neither here nor there  
Don't try to compete with us  
Cause we don't care  
All your smart ass attitudes toward us  
Are death warrants over here

Treachery from the old world  
Treachery you've been bought and sold  
Treachery is all you hold  
When you've nothing to prove  
Oo-ee-oo  
We don't need you  
Oo-ee-oo  
To tell us the fucking truth

Treachery from the old world  
Treachery you've been bought and sold  
Treachery is all you hold  
When you've nothing to prove  
Oo-ee-oo  
We don't need you  
Oo-ee-oo  
To tell us the fucking truth
