So hit me back

Can't take you back
Left you in the past like that
I'm the reason why you been in yo bag like that
Don't get this shit confused
You lied to me I won't believe you again
But fuck that shit you'll never see me again
Came in my life and now you leaving again

Hopefully nothing I can take back
We gettin further from the right track
And I'm in this place with you
Where everyday it's like you're on attack
And we can't keep gettin down like that (Ooo)
'Cause we be fallin' out, you keep fuckin' up
You apologize and I suck it up
