

Yung Bleu, Chainz And Rangz

Went and bought a couple
Went and bought a couple chains and rings
Just to give you somethin' to talk about
Yeah-yeah-yeah

Went and bought a couple chains and rings
Just to give you somethin' to talk about
Young nigga finna change the game
I know I'm all that they talk about
I count up this money, I stay in my lane
I ain't got nothin' to talk about
Feds on me, told me give 'em some names
Dont know what the fuck is you talkin 'bout
Fuck is you talking 'bout, fuck is you talking 'bout
Fuck is you talking 'bout, what the fuck is you talking 'bout
Went and bought a couple chains and rings
Just to give you somethin' to talk about
Young nigga finna change the game
I know I'm all that they talk about

Young nigga gotta keep this paper on me
I'ma shine like a flashlight
All these young niggas hatin' on me
Had to get that cash right
Heard these young niggas still want beef
Better get they bread right
I got a hitter who really my nigga
Don't make me catch you at a red light
I got a Rollie, cost me like forty
That bitch gon' light up like a headlight
I'm on the block with an onion, my trap house be bunkin'
I'm servin' it every night, hey
I used to hang with the walking dead
Let's see how you walk with money on your head
I threw a couple hundreds on her head
Sold you a brick on a moped
I'm dippin' off on a scooter
Bring it to your front door like a Uber
I'm in Gucci everywhere I maneuver, dirty dancing with a Ruger
Shoot the bitch, fadeaway like MJ
Nigga seem so good when the rent paid
Nigga ask which way, say that way, that way, yeah yeah

Went and bought a couple chains and rings
Just to give you somethin' to talk about
Young nigga finna change the game
I know I'm all that they talk about
I count up this money, I stay in my lane

Fuck is you talking 'bout, fuck is you talking 'bout
Fuck is you talking 'bout, what the fuck is you talking 'bout
Went and bought a couple chains and rings
Just to give you somethin' to talk about
Young nigga finna change the game
I know I'm all that they talk about

I hit the trap with a game plan
Run up a couple bands with the clan
Mix up the molly, put it with Xan
Straight off the block with the Taliban
I make it storm like an avalanche, hey, yeah
We gon' pull up in the ambulance

My hitters hop out a caravan
I got gold on my chizz-ain
Love for my gizz-ang
Making the exchange
Hit the hood with that yin-yang
Whippin' the Mulsanne
Top five, know you're top five, better watch out, yeah
Oh, hop out the coupe, I'm 'bout to do something new
I got gorillas with me out the zoo
Go 'head with your move, I'm handyman-ing the tools
Bitches get straight out the pool
I done got your bitch on contact
Sold a hundred zips, don't contact
Young nigga, I done ran up a dumb sack
Young nigga, I done ran up a dumb sack

Went and bought a couple chains and rings
Just to give you somethin' to talk about
Young nigga finna change the game
I know I'm all that they talk about
