

Yung Bleu, Dick & Tissues

I fell in love once I had to take it back
I fell in love twice and I'm still shakin' back
Dick so good I can't imagine how you takin' that
And how you moanin' in my ear, you can't be thinkin' that
I talked to God the other day, I guess he sent you my way
Cryin' in the driveway, I guess I had it my way
And you got issues that you never solved
And I wanna know yo' feelins' 'fo I get involved, cause you got

You got issues, I got dick and tissues
I can't lie I miss you
Just call me when you need me, I got dick and tissues (oh, oh)
You got issues, I got dick and tissues
I can't lie I miss you
Just call me when you need me, I got dick and tissues (oh, oh)

I can't even creep because you nosey
I swear you done turnt me to the old me
Had so many niggas but you chose me
Yeah, I know you ain't done wit' that
I'ma keep you runnin' back
I'ma cuff you like a running back
I'm runnin' through a hunnit stacks
This dick gon' keep you comin' back
You tired just like you runnin' flats
On the block I served a couple packs, but I be good to you
And they say I'm too hood for you, but you know I be good to you
Told me what he put you through, I say, "that's crazy"
Girl you know you used to be my favorite
But you wanted something different, did I tell you I was stingy?
And I don't wanna eat it, if he hit it, he hit it, yeah

You got issues, I got dick and tissues
I can't lie I miss you (but I can't lie I miss you, I can't lie I miss you)
Just call me when you need me, I got dick and tissues (oh, oh)
You got issues, I got dick and tissues
I can't lie I miss you (I miss you, I miss you)
Just call me when you need me, I got dick and tissues (oh, oh)

Just call me and I'm gon' come to yo rescue (dick and tissues)
(Dick and tissues)
(I got dick and tissues)

Pick you up in that muthafuckin' Bentley (just call me)
Might let you spin it (When you need)
If you let me get
(Dick and tissues)

You got issues (put yo problems on my shoulders)
I got dick and tissues
I can't lie I miss you
Just call me when you need me, I got dick and tissues (oh, oh)
You got issues
I got dick and tissues
I can't lie I miss you
Just call me when you need me, I got dick and tissues (oh, oh)
