

Yung Bleu, Don't Forget Me

Don't forget me
You prayed God take my life but that's who sent me
You running out of time
It's never the right time to say goodbye
No baby I don't wanna fight
It's hard to love its hard to make a sacrifice
Don't forget me
Don't forget me

I be with you everywhere you go
You just like a flower
Hoping that you grow
But it never rains in Southern California
But it's warm enough to keep your heart at bay
But it rains so much the weather out in Georgia
It's to cold and cruel to keep the pain away

Don't forget me
You prayed God take my life but that's who sent me
You running out of time
It's never the right time to say goodbye
No baby I don't wanna fight
It's hard to love its hard to make a sacrifice
Don't forget me
Don't forget me

I wanna make love to you to slow jams
Play that Tevin Cambell 'Can We Talk' I know that's yo' jam
She was tryna get this shit on video but I'm like no ma'am
If you knew the shit I did you'd probably go ham and I'm loving you
Tryna give you the stars and the moon
'Cause baby you the only star in this room
Can I confess my sins without you judging me
Please don't
Please don't

Don't forget me
You prayed God take my life but that's who sent me
You running out of time
It's never the right time to say goodbye
No baby I don't wanna fight
It's hard to love its hard to make a sacrifice
Don't forget me
Don't forget me
