

Yung Bleu, Don't Wanna Lose

(Jwestbeats)
(Ayy, Elxyee, you countin' up)
All I asked of you

All I ask of you (Of you)
Make some time, come through (Come through)
If your love is true (Is true)
I don't wanna lose
Ooh, I'm in love and that's the truth
I don't care what we been through (Don't wanna lose)
I don't wanna lose

I don't wanna lose it
Beat it up, I wanna love and abuse it
You on that drank and I can tell 'cause you been talkin' freaky
Let's make a video, I promise you I'd never leak it
Mines for the weekend, we goin' off the deep end
Back when I was trappin' out the Days Inn
I put the pack down so we can get some days in
We been through hell and back, but somehow we done stayed friend
Can't treat you like no two 'cause you a ten
And I bought her a new whip, watch how she pull up in that Benz
They not restockin' on this drip, my shit exclusive when I spin
If you see her, then you see me, we stick together like we kin
Cross me out, I'm sorry, you won't see me never again
So what you sayin'?

All I ask of you (Of you)
Make some time, come through (Come through)
If your love is true (Is true)
I don't wanna lose
Ooh, I'm in love and that's the truth
I don't care what we been through (Don't wanna lose)
I don't wanna lose

I like the way that you call me baby
When you slide in, you askin' can I take it?
And when we done, I don't wanna leave
Make some time for me, you know what I need
Boy, go grab your keys
Come through, watch your speed
You've been in my dreams
Make some time for me, come see me

All I ask of you (Of you)
Make some time, come through (Come through)
If your love is true (Is true)
I don't wanna lose
Ooh, I'm in love and that's the truth
I don't care what we been through (Don't wanna lose)
I don't wanna lose

You get to scratchin' on my back, so I know when you 'bout to cum now
She got that ass, first in the class like she alumni
I'm on it when I come now, and you got me erected
Plus your love contagious, I hope I don't get infected
Kiss the back of your mouth and I'm hopin' I don't catch it
I'm usually neglected, you shy, but I can respect that
I cheated once, I hope you ain't thinkin' about your get-back
Take off your shoes, lay on me nude, right on my six-pack
You bustin' like my Glock, that pussy, it got some kickback
I just want a threesome, is you with that?
All I ask of you
Cancel your plans, come through

All I ask of you (Of you)
Make some time, come through (Come through)
If your love is true (Is true)
I don't wanna lose
Ooh, I'm in love and that's the truth
I don't care what we been through (Don't wanna lose)
I don't wanna lose (I don't wanna lose)
