

Yung Bleu, He Jealous

Take me to paradise
Don't waste time
Just love me right
I'm looking fresh in the club tonight
Put on your best for the club tonight
I just saw your ex tonight
Oh yeah girl
We having sex tonight

I know he jealous
I can tell it
Yes, he regret everything he said
He put them lies up in your head
And now you're scared (Now you're scared)
Oh, now you're scared (Oh, oh)
Somebody gonna leave with the damage
Somebody gonna leave with the damage
He broke your heart
He left it damaged
He broke your heart
He left it damaged (Oh)

Tell me what you see when you look in the mirror (In the mirror)
Know you've been hurt before
You facing your fears (Face your fears)
That nigga broke
He showed you so many tears (Many tears)
Take you to my hood and showed you just how I live
Collateral damage, I had the perfect skill
Imma die for your love and you know that Imma kill
You can tell me your secrets and Imma keep it real
And Imma keep it real

Yes, he regret everything he said
He put them lies up in your head
And now you're scared (Oh yeah)
