

Yung Bleu, Her Fears

Baby, please, I'm so sorry
I just get crazy when it comes to you
You gotta understand, this is-
This is all new to me
But I'm crazy about you

She admit that she got issues (Issues)
Issue with trust, Issues with love
If I admit that I got issues
Is you would love me, you?
Is you would fuck me, you?
Issues, baby

I can't indulge in this shit
You fucked another nigga, you can't love me a bit
That puss ain't hit no none
These niggas ain't no none
Ten minute [?], why the fuck is you lovin' him?
I think you lyin' to me
Ten minute [?], why the fuck is you stutterin'?
Blue eye, eye, eyes, save it
Thought you was the one; this ain't The Matrix

She admit that she got issues
Issues, issues
Issue with trust (Issue with trust)
Issues with love (Issues with lust)
If I admit that I got issues (I admit it)
Is you would love me, you?
Is you would fuck me, you?
Issues, baby

Uh, uh, I got issues, she got dick and tissue
We used to kick it like Jiu Jitsu way but now I miss you
It don't feel the same no more
Now when I'm fuckin' you, now when I'm lovin' you
I'ma be honest, I can't get hard or nothin'
I read ahead all the receipts, so girl, you laugh at nothin'
Just cryin' for nothin' and I can't stand that shit
Ain't save no money, you just spend that shit
[?], it's love in the air

She admit that she got issues
Issues, issues
Issue with trust (Issue with trust)
Issues with love (Issues with lust)
If I admit that I got issues (I admit it)
Is you would love me, you?
Is you would fuck me, you?
Issues, baby
