

Yung Bleu, Kids To Bed

Man you know the kids won't stop playin'
Go put them in their room
They just to the side they ain't gon' know
Yeah in about 30 more minutes they gon' be asleep
If not, hahaha

Hey baby make sure that the kids in bed
Rub on your body as I kiss your neck
We grow so we can do what we wanna do making love to you
So baby make sure that the kids asleep
I know you wanted about two or three
We grow so we can do what we wanna do making love to you

I'ma go make sure that the kids asleep (they better be asleep, on God)
You 'bout to have another kid with me
I know you wanted about two or three
You know this fuckin' shit ain't new to me
You know this fuckin' shit ain't new to me (yeah)

Let me rub your feet
Girl don't worry about the kids
Roll over to your side and they gon' know none what we did
From the back snatching wigs
Back to back, goin' in
Round two, go again Vandross

Hey baby make sure that the kids in bed
Rub on your body as I kiss your neck
We grow so we can do what we wanna do making love to you
So baby make sure that the kids asleep
I know you wanted about two or three
We grow so we can do what we wanna do making love to you

Try to stay quiet when I hit it from the side
We gon' play sleep if they open their eye
I gotta get it I ain't got it in a week
That pussy callin' and my knees gettin' weak
Been on this road and I ain't saw you in a week
I gotta fuck you even if I gotta sneak
Even if we gotta creep like T.L.C
Baby come and get this B.L.T
Blue diamond like you crippin'
Put a brand new whip in turbo you won't catch me slippin'
I insert the dick and you know I'm channel drippin'
We gon' get this money I ain't playin' round

Hey baby make sure that the kids in bed
Rub on your body as I kiss your neck
We grow so we can do what we wanna do making love to you
So baby make sure that the kids asleep
I know you wanted about two or three
We grow so we can do what we wanna do making love to you

Hey baby make sure that the kids in bed
Rub on your body as I kiss your neck
We grow so we can do what we wanna do making love to you
So baby make sure that the kids asleep
I know you wanted about two or three
We grow so we can do what we wanna do making love to you
